

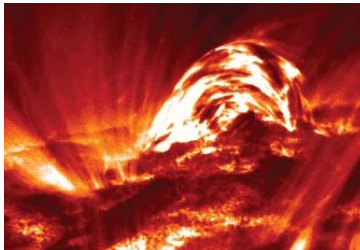

# Photovoltaic Manufacturer Shipments, Capacity & Competitive Analysis 2008/2009

April 2009 – Comprehensive Report Released by PV Service Program

## Report Author

Paula Mints of Navigant Consulting's Photovoltaic Service Program is the author of this report. Paula Mints is the Principal Analyst with the Photovoltaic Services Program and an Associate Director with Navigant Consulting. Ms. Mints is widely recognized as an industry expert on photovoltaic technologies and markets.

## Report Pricing

The complete report is available for \$5,500.

Subscribers to Navigant Consulting's Photovoltaic Service Program receive the complete report as part of their annual subscription fee: \$12,000

Navigant Consulting, Inc.'s Photovoltaic Service Program has completed its annual comprehensive report focusing on the global solar industry. Segment 1 of the report, "*Photovoltaic Manufacturer Shipments, Capacity & Competitive Analysis 2008/2009*," provides extensive analysis of the supply side of the industry including:

- » Average selling price for technology with a complete trend line from 1976 to 2008 and forecast out to 2017
- » Annual shipments of PV technology broken out by region, manufacturer, and technology
- » Discussion of the top ten manufacturers in 2008, including shipment and revenue data
- » Analysis of industry capacity utilization and a breakdown of capacity by manufacturer and region

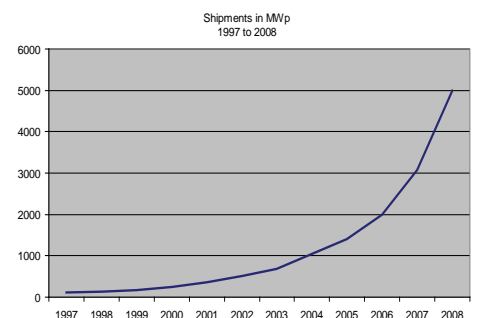

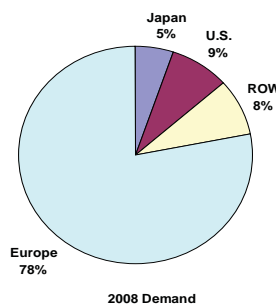

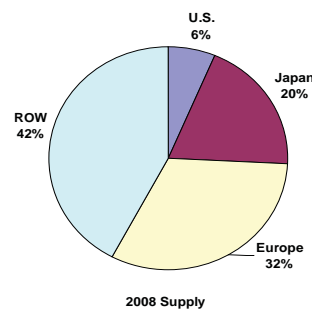

Segment 2 of the report, "*Competitive Analysis*," provides more detail on the leading manufacturers including:

- » Company history and development
- » Discussion of product mix and technology
- » Analysis of industry trends and emerging players

The report provides an objective and comprehensive analysis of the PV industry, including a forward-looking understanding of market and technology trends. The analysis is supported by more than 25 years of primary research and is an essential tool for business planning.

The report can be purchased in its complete form or by individual segment. For additional content information, please see the Table of Contents and List of Figures on the reverse side of this fact sheet.

## Manufacturer Shipments Preliminary Table of Contents

1. Introduction
  - 1.1. Purpose and Scope
  - 1.2. Methodology
2. Executive Summary
  - 2.1. 2007 Industry Overview
  - 2.2. Cell/Module Manufacturer Shipments
    - 2.2.1. Regional Shipments
    - 2.2.2. Shipments by Manufacturer
    - 2.2.3. Shipments by Technology
  - 2.3. Revenues
  - 2.4. Average Module Price (Asp)
  - 2.5. Manufacturing Capacity
3. Shipments and Revenues, 2007-2008
  - 3.1. Shipments by Region and Manufacturer
  - 3.2. Shipments by Technology
  - 3.3. Worldwide Revenues 2007-2008
  - 3.4. Market Outlook, 2008-2013
4. Selling Price
  - 4.1. Trends In Average Module Pricing
  - 4.2. Power and Large Quantity Module Pricing
  - 4.3. Future Pricing Trends
5. Manufacturing Capacity and Utilization, 2006-2007
  - 5.1. Total Cell Capacity and Utilization – All Manufacturers
  - 5.2. Manufacturing Capacity by Technology
  - 5.3. Major Manufacturer Capacity
6. Top Five Manufacturers 2008
  - 6.1. Near-Term PV Industry Leaders
  - 6.2. Technology Support by Manufacturer
  - 6.3. Top Five Manufacturers for 2008

## Representative List of Figures in the Manufacturer Shipments

- Figure 2.1 2007/2008 Regional Shipments Distribution
- Figure 2.2 Regional PV Shipment Growth in MWp Annual Growth by Region and World 1999-2008
- Figure 2.3 Cell and Module Manufacturers Shipping 3% of Total 2007, 2008
- Figure 2.4 Technology Market Shares 2007, 2008
- Figure 2.5 Regional Technology Contribution 1981-2008
- Figure 2.6 PV Cell and Module Manufacturer Revenues by Region 2007, 2008
- Figure 2.7 Module Pricing Trends, 1981-2008
- Figure 2.8 Price History and Forecast Power Modules and Large Quantity Modules 1977-2017
- Figure 2.9 PV Industry Capacity Increases by Region 1993-2008
- Figure 2.10 Regional Capacity Shares 1999, 2008
- Figure 3.1 Market Shares Top Five Manufacturers for 2007 and 2008
- Figure 3.2 Average Annual Shipment Growth, by Region, with Compound Annual Growth Rates 2002-2008
- Figure 3.3 Regional PV Shipment Growth in MWp Annual Growth by Region and World 1999-2008
- Figure 3.4 Worldwide Demand/Supply Comparison 2008
- Figure 3.6 Cell and Module Manufacturers Shipping 3% of Total 2007-2008
- Figure 3.8 Technology Market Shares 2007-2008
- Figure 3.10 Technology Percent Contribution 1981-2008
- Figure 3.11 PV Cell and Module Manufacturer Revenues by Region 2007-2008
- Figure 3.12 Cell and Module Revenue Growth by Region 1999-2008
- Figure 3.14 Cell and Module Revenue and Total Shipment Growth 2002-2008
- Figure 4.1 Module Pricing Trends, 1981-2008

- Figure 4.2 Trends in Total Module Prices and Megawatts Shipped 1991-2008
- Figure 4.3 Power and Large Quantity Module Pricing and Shipments 1991-2008
- Figure 4.4 Price History and Forecast Power Modules and Large Quantity Modules 1977-2017
- Figure 5.1 PV Industry Capacity Increases by Region 1993-2008
- Figure 5.2 Shipments, Capacity, and Capacity Utilization All Manufacturers 1993-2008
- Figure 5.3 Regional Capacity Shares 2000-2008
- Figure 5.4 Regional Manufacturing Capacity vs. Shipments 2007-2008
- Figure 5.5 Total Manufacturing Capacity vs. Shipments 2000-2008
- Figure 5.6 Crystalline Manufacturing Capacity vs. Shipments All Manufacturers 2007-2008
- Figure 5.7 Amorphous Silicon Manufacturing Capacity vs. Shipments All Manufacturers 2007-2008
- Figure 5.8 Other Thin-Film Technology Manufacturing Capacity vs. Shipments All Manufacturers 2007-2008

## Preliminary List of Manufacturers in Competitive Analysis

Q-CELLS	Sanyo
Suntech	Schott Solar
Sharp	BP Solar
Kyocera	SolarWorld
Motech	SunPower
First Solar	Uni-Solar
Gintech	Kaneka
Ja Solar	

## Manufacturer Profiles include:
